

Sealed bids being taken on cargo trailer's

The Firefighters Funeral Team is accepting sealed bids on 2 cargo trailers that have been decommissioned.

Each trailer is a 2006 Haulmark Transport 6 'X 10' with "barn style" rear doors and side entry door (model TS6X10TS2). GVWR 2960 pounds.

Trailers are Red in color.

Trailers are sold in As Is condition without warranty. Each unit was fully functional prior to being decommissioned.

Highest winning bid will get their choice of trailer, with the second highest winning bid receiving the other one.

Winning bidders agree to remove all logo's within 30 days of taking possession of the units.

Winning bidders agree to pick up their trailer within 30 days, at the location they currently reside (one is in Eureka, Mo; one is in Branson West, Mo.).

Bids will be opened at 8AM March 15th, 2020. Winning bidders will be notified.

Monies raised from the sale of these units will go toward the new LODD Response Trailer that we are currently fundraising for. These decommissioned trailers are not large enough for the proposed new unit.

Sealed bids can be sent to:

Missouri Fire Funeral Team
716 N Elm Ave
Saint Louis, Mo. 63119

Questions can be emailed to info@mofirefuneral.org
