We want **you** to achieve your best health

Here's a look at how we can help through Aetna® health advocacy and wellness.

Continuity of Care

Enabling a smooth transition to the new plan in the midst of critical care

Albert and Maria* were worried that joining the new Aetna Medicare plan would interfere with Albert's scheduled heart surgery. However, after meeting with an Aetna bilingual nurse care manager, they were reassured that their doctor is in network and the change in their plan would not impact Albert's care.

Annual Healthy Home Visit

Supporting you with a touch-base in the comfort of your home

Sylvia* received her annual in-home visit from one of our nurse practitioners who provided medication education. Sylvia also learned how to use her new remote monitoring devices to better manage her diabetes.

Teladoc® virtual visits

Access to telemedicine 24/7

Darryl* is traveling out of state to visit his family and becomes sick one night. He can't see his normal doctor, so he decides to do a video visit with a licensed Teladoc provider. The provider diagnoses him with bronchitis and writes him a prescription right away.

SilverSneakers®

Your key to a fuller, healthier life

Linda and Sharon* are sisters who enrolled in an Aetna Medicare Advantage PPO plan together. Their Aetna plan covers SilverSneakers, which includes a membership to their local fitness center. They love going to the aquatic center to do watercise together. They've been going there for 21 years, three times a week. It keeps them connected as sisters and the exercise keeps them limber.

Complex health condition support

Helping navigate your health journey when you face multiple health conditions

Susan* was seeing a number of doctors for her hypertension and rheumatoid arthritis. An Aetna nurse care manager coordinated treatment among Susan's doctors and provided additional care support. This helped make sure that Susan received every possible health resource to manage her conditions effectively.

These are illustrative examples of how members can use our wellness and care advocacy programs based on actual member situations.
